## Baseline Watershed Assessment North Branch Park River Watershed

|          |  |           |
|----------|--|-----------|
| <b>1</b> | <b>Introduction .....</b>                                    | <b>1</b>  |
| 1.1      | Development of the Baseline Assessment Report .....          | 2         |
| 1.2      | Background .....   | 2         |
| 1.3      | Ongoing Watershed Conservation and Restoration Efforts ..... | 4         |
| <b>2</b> | <b>Study Area Description .....</b>                          | <b>7</b>  |
| 2.1      | North Branch Park River.....                                 | 7         |
| 2.2      | Watershed .....  | 7         |
| 2.3      | Subwatersheds .....  | 10        |
| <b>3</b> | <b>Historical and Social Perspective.....</b>                | <b>11</b> |
| 3.1      | History of the Watershed.....                                | 11        |
| 3.2      | Population and Demographics.....                             | 13        |
| 3.3      | Historical Resources .....                                   | 15        |
| 3.4      | Recreation and Community Resources.....                      | 17        |
| <b>4</b> | <b>Natural Resources .....</b>                               | <b>19</b> |
| 4.1      | Geology and Soils .....                                      | 19        |
| 4.2      | Topography .....   | 20        |
| 4.3      | Hydrology .....  | 20        |
| 4.4      | Flood Hazard Areas.....                                      | 24        |
| 4.5      | Climate.....   | 26        |
| 4.6      | Wetlands .....   | 27        |
| 4.6.1    | Resource Description.....                                    | 27        |
| 4.6.2    | Existing Wetlands Information .....                          | 29        |
| 4.6.3    | Wetlands Field Assessment.....                               | 31        |
| 4.6.3.1  | <i>Selection of Study Areas.....</i>                         | <i>31</i> |
| 4.6.3.2  | <i>Assessment Methods .....</i>                              | <i>33</i> |
| 4.6.3.3  | <i>Assessment Results .....</i>                              | <i>33</i> |
| 4.7      | <b>Fish and Wildlife Resources .....</b>                     | <b>37</b> |
| 4.7.1    | Fish.....  | 37        |
| 4.7.2    | Birds.....   | 38        |
| 4.7.3    | Amphibians & Reptiles .....                                  | 38        |
| 4.7.4    | Threatened and Endangered Species .....                      | 39        |
| <b>5</b> | <b>Watershed Modifications.....</b>                          | <b>42</b> |
| 5.1      | Dams and Impoundments.....                                   | 42        |
| 5.2      | Park River Conduit System .....                              | 45        |
| 5.3      | Water Supply.....  | 46        |
| 5.4      | Wastewater.....  | 48        |
| 5.5      | Regulated Sites .....  | 51        |
