

Campus Managers Workshop

North Branch Park River Watershed Management Plan

Wednesday afternoon, March 24th (1:00pm – 3:30pm)

Hartford Seminary, 77 Sherman Street, Hartford, CT 06105

Workshop Agenda:

1:00 pm Welcome and Introduction in **Room# 205**

1:10 pm Presentation on Ct DEP statewide watershed management efforts
MaryAnn Nusom Haverstock, Supervising Environmental Analyst,
Ct Department of Environmental Protection Bureau of Water Protection and Land Reuse.

1:30 pm – 2:00pm

A Summary of the North Branch Park River Watershed Management Plan:
Large Property Management and Regional Environmental Quality
Erik Mas, P.E. Associate / Project Director, Fuss & O'Neill, Inc.

2:00 – 2:15pm *Break*

2:00 – 2:35pm Low Impact Development Projects at University of Connecticut

Richard Miller, *Director, Environmental Policy, University of Connecticut*

2:45 – 3:30pm Discussion shared interests in large property grounds management:

We are gathering information on what issues are shared by large property grounds management – so as to better understand challenges and needs, as well as best practices and local resources. Potential Discussion items include: flooding issues; material storage; brush and leaf litter management; turf management; Parking lot and road maintenance (deicing, snow management); Drainage system maintenance (catch basins and storm drains); Stormwater BMP maintenance (LID and traditional structural stormwater BMPs).

3:30pm Conclusion

This Workshop is an outreach program of the North Branch Park River Watershed Management Plan.

The North Branch Park River Watershed Management Plan project is a Supplemental Environmental Project (SEP) of the Connecticut Department of Environmental Protection. SEP funding originates during settlement of environmental enforcement actions undertaken by DEP to amend the adverse public health and/or environmental impacts of violations.
